Other:	

Flecks Systems require proper tools and equipment to mix and install a project correctly. A tool list has been provided and may require a \$3000 – \$5000 USD investment if you do not have the appropriate tools and equipment.

Note: Tools you already use may be acceptable to use for Flecks® Systems if approved by Flecks Systems, Inc. (*See Tool List)

*Please scan/email or mail back a completed Installer Questionnaire to Flecks Systems, Inc. Upon receipt of your completed questionnaire, a Flecks® Systems' representative will contact you.
